

PALLMANN

Your Experienced Partner for Size Reduction and Processing Techniques
Economical Solutions for the PVC Pipe Industry

Plastic
PVC Pipe Waste

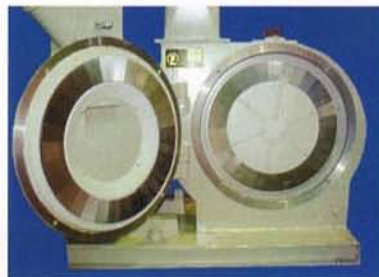

PALLMANN Pipe Crusher for size reduction of PVC pipes, with tilting funnel for feeding from the top.

Clean-cut Granules

Rigid PVC Powder

PALLMANN Pulverizing Installation Type PKM for economical pulverizing of PVC pipe granules

Due to their grain size distribution, excellent flow characteristics and high bulk densities, such high-quality powders are preferably used in extrusion lines.
